✓ It's our mission to help our citizens make their own educated choices for reasonable, responsible candidates who will be good stewards for our county budget, care for our elders and less fortunate residents, and protect our county's resources.

✗ Likewise, we are educating voters to avoid marginal candidates such as fringe Free Staters and extreme Libertarians pretending to be Republican candidates.

It's our hope that voters can avoid being duped into electing candidates who have, or may, create chaos in county institutions like county-owned Gunstock Mountain Resort and our county nursing home.

Undeclared / Independent Voters

You are allowed to pick up either a Republican or Democratic ballot, and switch back to undeclared after voting. Follow the recommendations in this guide. Make a difference!

County Wide

By the June deadline, there were no GOP candidates for County Attorney & County Treasurer.

In the last few days we've learned of a write-in campaign by two Gunstock troublemakers, Norm Silber & Dr. David Strang.

For the GOP ballot, we are making two recommendations to keep them off the November ballot.

County Attorney

Write-in incumbent
Keith Cormier ✓

County Treasurer

Write-In
Travis O'Hara ✓

Voters Please Note:

This guide contains only **CONTESTED** party primary races for county seats. There were no county Democratic primaries. Our general election Voter's Guide will make recommendations for **ALL** candidates in every district.
